RELIANT GLOBAL TECHNOLOGY, INC.

Gold Microsoft Partner

ORACLE Partner

Reliant Global Technology, Inc. specializes in the design and deployment of secure, scalable, and high-performance cloud solutions, and enterprise data management strategies. We are experts in automating and integrating big data, cloud applications, and custom workflows to drive operationally relevant digital transformations. Our umbrella of cloud computing services includes cloud strategy consulting, cloud transitions and big data migrations, cloud-native application development, custom cloud integrations, data utilization and visualization, and comprehensive data warehousing solutions.

We provide industry-leading agile software development, cloud computing, and advanced data analytics to clients in the public sector and beyond. Our technical staff consists of veteran professionals with many years of experience and varied skillsets. Through the extensive technical strength of this highly skilled staff, we have developed a unique ability to pinpoint the data management needs of government agencies as well as many other types of organizations.
